I, UMUTONIWASE Alice, registration number 25/28026, declare that this submission (AUPortfolio, verification code MOB-A2-8026) is my own individual work for Individual Assignment 2 of Mobile Application Development (SWE 3409).

The application name, colours, biography, skills, education and project descriptions were chosen by me and describe my own studies and work.

I used an AI assistant (Claude) and the Expo, React Native and React Navigation documentation and templates for guidance and starter code. This use is described in evidence/AI_USE.md. I reviewed, ran, tested and built the application myself, and I can explain how it works.

The application stores only low-risk profile data on the device. It contains no passwords, tokens or private API keys.

I understand that substantially identical submissions may be referred for academic integrity review.
